## **FULL STACK DEVELOPER**

As a CDAC certified full-stack developer, I have successfully applied my skills in Java, MySQL, React, HTML, CSS, and JavaScript to my post-graduate project and personal projects. I am experienced with popular frameworks such as Spring, ASP.NET Core, Node.js, and React.js, and have a strong foundation in REST APIs, Web API, and MVC pattern.

My goal is to continuously explore new technologies and tools in software development while collaborating with crossfunctional teams to deliver high-quality solutions.

# **TECHNICAL SKILLS**

Languages : Java, JavaScript, HTML, CSS

**Frameworks** : Spring Boot, ASP.DOTNET Core, Express Libraries : React, Material, Redux, React Router, jQuery

**Databases** : MySQL, MongoDB

**Dev Tools** : Spring Tools Suite, Visual Studio Code, Git

## **EDUCATION**

**CDAC - Pune** Post Graduate Diploma in Advanced Computing

**University of Mumbai** Mumbai, Maharashtra, India Jan 2012 - Dec 2018

Pune, Maharashtra, India

Sep 2022 – March 2023

Bachelor of Architecture

### **PROJECTS**

## **Health Plus**

Spring Boot, React.js, Redux, MySQL, Express, Git

- Designed and developed a clean and modern web application using Spring and React
- A CRUD application exposed using a RESTful API made with Spring.
- Exposed POST, GET, PATCH and DELETE HTTP methods using Express.
- Optimized website for speed and user experience
- Utilized responsive design to ensure compatibility across all devices.

### **Employee Management System**

Spring Boot, MySQL, Hibernate, JDBC

- A CRUD application exposed using a RESTful API made with Spring Boot
- Established database connectivity with help of JDBC and used Hibernate ORM

### SKILL SETS

- Web application development using Spring Boot, Java, MySQL, MongoDB, .NET, React, JavaScript, HTML, CSS, and Bootstrap
- Creating responsive and dynamic user interfaces using JavaScript, HTML, CSS, and Bootstrap
- Building scalable and robust backend systems using Spring Boot, Java, and databases like
- MySQL and MongoDB
- Developing RESTful APIs and microservices using Spring Boot and Java
- Working with frontend frameworks like React and JavaScript to build interactive web applications.

## CERTIFICATIONS AND ACKNOWLEDGEMENTS

- CDAC Certified PG Diploma in Advanced Computing
- AWS Certified Cloud Practitioner Essentials Day
- Communication skills: IELTS band 8.0
